WILL TALK TARIFF.

At Last the Senate Will Take Up the House Bill.

DELAYED OVER TEN WEEKS.

Senator Aldrich Says He Will Press Consideration to the Exclusion of All Other Business Except Conference Reports Until It Is Finally Disposed Of—Program of the Senate and House.

WASHINGTON, May 24.—Tomorrow noon, 10 weeks and a day after the beginning of the session, the senate will take up the tariff bill, for the passage of which the session was especially called. The bill was to have been called up today, but the death of Senator Earle of South Carolina will render necessary an adjournment for a day. Senator Aldrich will call up the bill, move its consideration and make a speech in its support. The Democratic amendment, striking out the internal revenue features of the bill, will be introduced by Senator Vest.

After this the course of procedure is somewhat indefinite. The Democrats are not clear as to whether they will permit the immediate taking up of the schedules or will demand an opportunity to make set speeches bearing upon the general policy of the bill. The prevailing opinion among the Democratic leaders is against the policy of general speeches at the beginning of the discussion, but they will not attempt to restrain individual senators who may wish to be heard. There are some Democratic senators who are disposed to discuss the general features of the bill and who incline to the opinion that the best time for such speeches is while the debate on the bill is young.

Senator Vest does not expect to make a speech in presenting the motion to strike out the revenue features, but the motion may lead to immediate debate, and in case exception is taken to it, the Missouri senator will be heard from. The silver Republicans and Populists will seek opportunity during the pendency of the bill to present some remarks of a political nature, and some of them may be heard during the week. The general sentiment among straight Republicans is adverse to the encouragement of any general discussion of the bill, or long speeches on schedules, but no party policy has yet been decided upon.

There will undoubtedly be strong opposition to some of the schedules on the part of the Republican senators, and amendments will be firmly pressed. Some of these amendments will be offered to the chemical schedule, the first of the list, and they will probably be reached during the present week. Other features of the bill which Republican senators will attack are those affecting the sugar and wool duties and taking hides from the free list. Senator Pettigrew's amendment against trusts is also certain to prove fruitful of much general debate when reached.

Senator Aldrich says he will not speak to exceed an hour on Tuesday. He will give, for the first time, the estimate of the Republican members of the finance committee of the amount of revenue the bill will produce and will explain the committee's plan of action, giving the reasons for the more important amendments made. His statement is anticipated with much interest.

In reply to a question, Mr. Aldrich, who will have charge of the bill on behalf of the Republican side of the senate, said that when the bill was once taken up, he would press consideration to the exclusion of all other business except conference reports until it should be finally disposed of.

The conference report on the sundry civil appropriation bill will be considered some time during the week. The conference committee has practically agreed upon a compromise on the forestry reservation provision, which they hope will prove satisfactory to all parties, but whether they will or not can only be determined when the report is presented to congress.

Program of the House.

WASHINGTON, May 24.—The Morgan resolution, recognizing the belligerency of the Cuban insurgents, which passed the senate on Thursday, will not be acted upon by the house this week. That is the decision of the Republican leaders. They have decided to block the resolution until the plans of the president, which are now maturing, are formulated. There will doubtless be a demand on the part of the minority for immediate action, but they are powerless to secure consideration unless the rules committee will report a special order. This the rules committee will not do. The majority will antagonize any attempt to force consideration with a motion to adjourn until Thursday. On Thursday the conference report on the Indian or sundry civil bill may be ready. If one or the other is not ready the house will adjourn until the following Monday.

BATTLE WITH RAIDERS.

The Tollgate War in Kentucky Becoming Quite Serious.

LEXINGTON, Ky., May 24.—A desperate battle between 25 turnpike raiders armed with double-barreled shotguns and pistols and an officer's posse of 11 armed with double-barreled shotguns loaded with buckshot, Winchester rifles and revolvers, occurred on the Wyoming and Owingsville turnpike, two miles south of Owingsville, at 12:30 o'clock Saturday morning. About 100 shots were fired.

David Johnson, aged 43, married, was among the raiders. He was shot in the right thigh with a .56-caliber Winchester,

in the hands of James E. Emmons, one of the posse. The bullet rang into the abdomen and he can not live. Charles Jones, aged 23, married, another raider, was shot in the right thigh. He may recover. Two other raiders, whose names the officers can not learn, are reported wounded. None of the posse were injured.

BANK PRESIDENT ARRESTED.

John F. Johnson of Logansport, Ind., Locked Up at Indianapolis.

LOGANSPORT, Ind., May 24.—John F. Johnson, president of the defunct Logansport National bank, was arrested at 3 o'clock Saturday afternoon by Deputy United States Marshal P. M. Clark of Terre Haute. He was found at his residence, where he has been in seclusion since the glaring frauds were exposed. The marshal was accompanied by United States Commissioner Funk, who read the warrant, charging Johnson with unlawfully, knowingly, feloniously and willfully abstracting, embezzling and misappropriating money, funds and credits of the bank; also, with having issued, without authority of depositors, false certificates of deposit; also, making and causing to be made false entries in books with intent to defraud the bank directors and deceive the bank examiner.

The accused waived preliminary examination and his bond was fixed at \$25,000.

President Johnson made no effort to secure the required bond. He told the United States commissioner he preferred to be taken to Indianapolis at once, and would plead guilty. He was taken to Indianapolis and placed in jail there to await the action of the federal grand jury.

The penalty for the offense with which he stands charged is imprisonment in the penitentiary for a term not less than five years nor more than 10, with a fine to be fixed by the court.

When the examiner found the forged notes Thursday morning he called Johnson into the directors' room, and, exhibiting the bogus paper, said: "Mr. Johnson, you signed those notes."

Without a moment's hesitation the disgraced banker answered: "I did." The examiner declared that he never saw such a display of nerve as was exhibited by Johnson when charged with the crime.

In addition to \$300,000 due the bank, numerous private parties hold claims against Johnson for large sums. About \$70,000 of such claims are already known.

The examiner says he finds that of the \$517,000 in notes held by the bank, \$317,500 are good and \$200,500 forgeries. Since the death of Henry Heitbrink, a year ago, there has been no regular cashier, and it has been discovered that at the close of business each day President Johnson made up the cash.

The expert said that certain bookkeepers in the bank knew of the president's crime, but the false entries being made by the president himself saves them from the law.

ACCIDENT AT A FURNACE.

Thirty Men Badly Injured, Six of Them Quite Seriously.

NEWCASTLE, Pa., May 24.—Yesterday morning the big Rosena furnace in this city, owned by Senator Mark Hanna and ex-Senator Cameron, let go, and the next instant a heavy volume of coke, iron ore and coal came crashing through the roof of the casting house, burying in the neighborhood of 30 men under the debris.

Manager Reis was taken out with the skin hanging in shreds from his hands and arms, and his legs were terribly burned and bruised.

The others injured are: Samuel Moody, burned and bruised all over the body.

Mike Petro, head cut in half, dozen places and bruised and burned about the hands and arms.

William Hanna, head cut, arms almost severed by falling sheet iron.

Joseph Love, head a mass of cuts, laying the skull bare in three places.

Frank Sheard, head badly cut, legs bruised, back burned and arms terribly burned. His injuries are very bad and may result in death.

Half a dozen other men were also more or less injured, but the above are the worst cases.

The second accident of the day occurred about 20 minutes after the one at the Rosena furnace. It was a cave-in at the big 70-foot cut of the Newcastle Traction company, that is engaged in making a track to the New Cascade park. Michael Kurdy was buried under at least 75 feet of sand, gravel, clay and rocks and was dead when taken out. Peter Herlinsky was terribly cut about the shoulders and hips, while his chest was crushed. He will likely live.

FIVE BOYS DROWNED.

The Result of Paddling a Small Raft in the Chicago River.

CHICAGO, May 24.—Five small boys were drowned in that portion of the south branch of the Chicago river known as Mud lake Saturday afternoon, while trying to cross the stream on an improvised raft. There were six on board, but the lad who was the cause of the disaster from his having started a panic among his companions saved himself by jumping into the water before the craft had drifted into the deeper water.

The dead are: Frank Quinn, 10 years old; Charles Coates, 11 years old; James Coates, 8 years old, brother of preceding; Charles Svie, 9 years old; Albert Svie, twin brother of preceding. John Houis was the boy who escaped.

A Parisian inventor is endeavoring to perfect a phonograph watch. If he is successful, the world will soon see a watch which, by touching a spring, will whisper the time in your ear.

STEAMER FIRED ON.

British Fruit Vessel Chased by a Spanish Gunboat.

SOLID SHOT HURLED AT HER.

She Passed Through Two Different Encounters and Saved Herself by Outwitting the Spanish War Vessel—After a Two-Hour Chase the War Vessel Gave Up the Race.

PHILADELPHIA, May 24.—After being twice chased by Spanish gunboats and passing through a perfect storm of shot, which splashed in the water across the vessel's bow, the British fruit steamer Ethelred passed through the exciting ordeal unscathed and arrived at this port last night after a five-day's run from Port Antonio, Jamaica.

When the Ethelred left here May 12, it was the intention of Captain John D. Hart to accompany her, but he was arrested as he was about to step on the gang plank to go aboard. As it was his invalid daughter was a passenger. It is supposed that agents of the Spanish government in this city had notified the Spanish authorities at Havana that Hart would be on the vessel, hence the effort to hold up the Ethelred in Cuban waters.

The first encounter with the Spanish cruisers occurred off Cape Maysi on the trip down. Just after dusk on Sunday evening, May 16, a gunboat without any lights shot out from under the Maysi capes and crowding on all steam steered directly for the fruit vessel. After stemming for an hour, without gaining an inch, the gunboat turned a search light on the other vessel. All steam was crowded on the Ethelred, which was beginning to show the Spaniard a clean pair of heels, when a cloud of smoke belched from the cruiser's side and a second later a solid shot cut the water a half mile ahead of her bows. Then came a second and third shot, each nearer than the others. Captain Israel kept on his course and after an hour's hot chase the Spaniard dropped from the race.

The second chase happened last Thursday afternoon in almost the exact spot in which the first attempt to hold the vessel up occurred. Just as the Ethelred rounded Cape Maysi, a big Spanish gunboat of the newest type started out from under the cape and gave chase to the Ethelred. For two hours the chase was kept up, enlivened now and then by a solid shot throwing up a sheet of white spray just ahead of the swift vessel's bows. If began to look as if the Spaniard meant to chase the Ethelred clear to the Delaware capes, when another steamship was sighted and the gunboat shoved off and gave vigorous chase to the newly discovered steamer.

ATTACKED IN THE NIGHT.

Two Raids Made on Italian Laborers by Idle Men at Homestead.

PITTSBURGH, May 24.—Enraged that work which they believed should have been given to them instead of imported labor, a half hundred idle men at Homestead laid siege to two large shanties in which were sleeping an equal number of Italians, brought here from Virginia to work on the extension of the Homestead and Highland street railway.

The attacking party was armed with sticks and stones, and the foreigners, frightened almost to death, fled precipitately from the shanties. A hand-to-hand scuffle followed, during which a number of the Italians were seriously injured.

The attacking party then withdrew, and two hours later the Italians returned. A second attack was made on the shanties, and an attempt was made to burn them, but this time the foreigners drove their assailants off. In the morning the Italians went to work under the protection of officers, but the feeling against them is so strong that more trouble is expected. The imported men are working under contract at 75 cents a day.

RICH MEN ARRESTED.

Two St. Louis Men, One a Millionaire, Charged With Smuggling.

NEW YORK, May 24.—Richard M. Scruggs, a St. Louis millionaire, and E. G. Langhorne of the same city were arrested by customs inspectors as they stepped off the steamer St. Paul on its arrival from Southampton. Warning had evidently been telegraphed when they left Southampton. The charge is smuggling. When the inspectors searched Langhorne they found a belt containing diamonds, jewelry and watches.

Similar articles were found in Mr. Scruggs' pockets. Valuable lace was also captured. The captured stuff is worth \$3,000. Mr. Scruggs declared for himself and Langhorne to the amount of \$25 dutiable property.

The two men waived examination before Commissioner Shields and were held in \$2,500 bail. It was learned that Scruggs and Langhorne went to England to sell the patent on a calculating machine, and got \$200,000 for it.

CHICAGO, May 24.—Charred bones and some old clothing, said to be blood-stained, were taken by the police yesterday from a building in the rear of the home of Adolph L. Luetgert, the wealthy sausage manufacturer, who is accused of wife-murder. The bones will be examined to determine if they are of the human body, and the stains on the clothing will be put under chemical test to ascertain whether they are bloodstains. The police attach great importance to this find.

PANIC AMONG THE PEOPLE.

Two People Killed and Three Seriously Injured in a New York Fire.

NEW YORK, May 24.—Two persons were killed and three seriously injured in a fire which started shortly after 4 o'clock Sunday morning in the 4-story and basement brown stone building at 149 West Twenty-third street. Several persons narrowly escaped death.

The dead are: Mrs. Catherine Mossway, 33 years, died at the hospital from burns and suffocation.

Beatrice Mossway, 4 years old, daughter of the former, suffocated in her room.

The injured are: Mrs. Mary C. or Carrie Bowles, board-house keeper at 28 Pellis street, Boston, dangerously hurt by jumping from a window on the third floor.

Miss MacDonald, slightly burned on face.

F. S. Phapps, slightly burned on face. The building was occupied for both business and dwelling purposes. In the basement is an all-night eating house. The Weser Piano company occupy the first floor, and the upper part of the building is a furnished room establishment conducted by Mrs. Curtis.

Before the firemen reached the scene the building was filled with flames. The hallways from the first floor to the roof was in flames and escape by the front was cut off. Panic seized the inmates of the house. While a tenant named La Mont was crawling along the narrow sill to reach the adjoining house, the body of a woman struck a large sign which hung on the outside of the building and to which he clung for support. The sign was torn from its fastenings and fell with a crash to the street. The woman was Mrs. Bowles who had precipitated herself from the third floor to the street below when she found that egress from the house by way of the stairs was checked by the flames. She was picked up and taken to a hospital. La Mont did not fall to the street.

On the top floor the wildest sort of panic had seized the tenants, among whom were Mrs. Mossway and her daughter. Most of the tenants, including Miss MacDonald and Mr. Phapps had escaped to the roof.

Mrs. Mossway, who lost her life, was sleeping with her little daughter, when she was aroused by the smoke. She ran into the hall and gave the alarm and then went back after her daughter. When she started to return the smoke and flames drove her again to her room. She attempted to open the window but it did not yield readily, and she broke the glass with her hands. The window would not open and even if it had there would have been little chance for her, as it is protected on the outside by iron bars. When the firemen searched the house they found the little girl dead in bed, the mother lying on the floor blistered by heat and almost dead from suffocation. She was removed to a hospital, where she died three hours later.

Late in the afternoon, Mrs. Bowles recovered consciousness at the hospital, but no hopes are entertained of her ultimate recovery. She arrived in the city three days ago from Boston, on a shopping tour. She is about 35 years old.

The origin of the fire is not known, but it is believed that a belated tenant lit a match in the hallway to see his way and carelessly tossed the still burning match away. The fire started at the foot of the stairs, and the light wall acted as a flue to carry the flames to the roof instantly. The damage was about \$2,000.

CORRALLED BY CARNEGIE.

The Iron Ore Output Is Now Under the Control of One Man.

CLEVELAND, May 24.—The iron men in Cleveland have just awakened to the fact that, while the small furnace men and manufacturers have been bemoaning hard times, Carnegie's agents have corralled all the business in sight. It is stated upon unimpeachable authority that Carnegie is prepared this year to consume 5,000,000 tons of iron ore, at least double the quantity he has ever used in one year.

Practically, all of this ore will be furnished by the Rockefeller mining interest. An agent of the Rockefeller has chartered 15 ore steamers for the entire season. Rockefeller already owned 18 ore steamers and had control of four boats of the American Transportation company, and he intended to charter still others, as all these will be able to bring down only 2,000,000 tons of ore this season.

This is depressing news for the vessel, mining and iron interests other than Carnegie's and Rockefeller's. Practically, all this ore will be unloaded at Conneaut, a small Ohio port, and from there be taken direct to Pittsburgh by Carnegie's new railroad, built for this purpose. The construction of this railroad, it may be said, has knocked out the head of the gigantic scheme for a ship canal from Lake Erie to Pittsburgh.

Sick Senators Better.

WASHINGTON, May 24.—Senator Morrill, who has been confined to his bed for some days with an attack of bronchitis, is reported to be very much better, but it is not probable that he will be able to attend the sessions of the senate for some days. Representative Tongue of Oregon, who was painfully injured by a cable car Friday, is also very much better, and will leave the hospital in a few days.

LONDON, May 24.—A dispatch to The Daily Telegraph from Constantinople says that serious outbreaks against the Armenians have occurred in a village near Van and at Ineboli, a seaport of Asia Minor. The Russian consul at Ineboli has telegraphed to the government to send a warship.

EDHEM PASHA RULES

Peace Terms Must Be Negotiated Through Him.

HE IS READY FOR CONFERENCE.

He Is Pressing For the Greek Plenipotentiary to Conduct the Settlement of Terms—Italian Volunteers Causing the Greek Government Considerable Trouble—Sending Troops Home.

ATHENS, May 24.—It is again semi-officially asserted that Edhem Pasha, the Turkish commander-in-chief, has repeated his statement that peace must be negotiated with him and is now pressing for the appointment of a Greek plenipotentiary to conduct the settlement of terms.

M. Deligorgis, a former foreign minister, has been elected president of the Creton central committee.

General Smolenski has sent telegrams to the Athenian newspapers, denying that he ordered a retreat except in pursuance of the commands of Crown Prince Constantine and adding: "I earnestly beg you not to publish inaccurate statements calculated to create dissensions in the administration." He also denies that any men fell into the hands of the enemy during the retreat from Veldino.

Owing to the disquietude caused by the presence in the city of large bodies of volunteers, the government hastily recalled the force of gendarmes sent to Arta and will take measures to deport these dangerous allies to their various countries at the earliest possible date.

The Berthet column (Italian) insisted on coming here, several of the volunteers refusing to return to Italy on the ground that they are liable to arrest as deserters. The government has decided that the column must return to Italian territory, and will undertake to board and lodge only those liable to arrest. Most of them are anarchists.

The government sent them from Arta to Zaverda and there disarmed them, with orders to leave for Italy in Greek vessels. Thereupon they began to indulge in all sorts of excesses and got into conflict with the inhabitants, with the result that one Italian was killed and six were seriously wounded. Finally, after a great deal of trouble, they were sent to Brindisi under the escort of two Greek men-of-war.

PEACE NEGOTIATIONS.

Amount of Indemnity Reduced and Russia Will Be Paid an Old Claim.

CONSTANTINOPLE, May 24.—The peace negotiations continue. It is asserted that the amount of indemnity will be reduced to 8,000,000 liras, 2,000,000 to be paid in cash to Turkey and 6,000,000 to be accepted by Russia as part payment indemnity owed her by Turkey.

It is said here that after the suspension of hostilities, the Greeks under pretense of washing their linen, crossed the bridge over the Arta and were attacked by the Turkish commander, who drove them back after heavy fighting for 10 hours.

Ambassadors to Act as Mediators.

LONDON, May 24.—Correspondent of The Times at Constantinople says: "The powers have instructed their ambassadors to act as their representatives in mediating between Turkey and Greece. A collective note will be handed to the porte forthwith. Palace circles now realize that great maladresse has been displayed on the Turkish side."

Colonel Manos Attempts Suicide.

LONDON, May 24.—According to a dispatch to The Daily Graphic from Corfu, it is reported there that Colonel Manos attempted suicide while in jail. He had been sent hounded, with his entire staff, to Athens for trial by court-martial.

Edhem Pasha Sending Home His Soldiers.

LARISSA, May 24.—Edhem Pasha, the Turkish commander, has disbanded and sent to their homes most of the Albanians in his army.

Last of the Troops Leave Crete.

CANEA, May 24.—Colonel Staikos, with the last detachment of the Greek expeditionary force has embarked for Greece.

BITTEN BY A TURTLE.

A Small Boy Caught in the Canal and Narrowly Escaped Drowning.

WAVELEY, O., May 24.—While some boys named Jones were following a seine in the canal an immense mud turtle, weighing some 30 pounds, fastened itself to the toes of one of the lads, and would have drowned the boy except for the assistance of a couple of men.

Boy and turtle were finally dragged to shore, where the head of the latter had to be cut off just behind the jaws before its grip could be loosened in the slightest degree. The boy's toes were terribly bitten, and the pain and fright almost made him crazy.

Murdered His Sick Wife.

CHICAGO, May 24.—Lying helplessly ill, with her 3-year-old child asleep at her side, Mrs. Nellie Dawson, 25 years old, was shot and killed by her husband, John Dawson, yesterday afternoon. The shooting followed a quarrel. The murderer is at large, but the police declare he will soon be captured as he is well known to them. The dead woman's father is a well-to-do farmer near Lincoln, Neb. She married Dawson in Lincoln eight years ago.

A notary's business, kept up since 1898 from father to son without interruption, is still to be found at St. Savvy, near the Pyrenees.

THE RAILROAD OUTLOOK.

A Letter From Albert E. Boone That Will Interest Maysville People.

ZANESVILLE, OHIO, May 21, 1897.
 Editor Bulletin: Notwithstanding the fact that Maysville will not help in the Black Diamond cause, she will get in sight of her and that without money and without price inside of the next two years two lines of railroads at Aberdeen, O., viz: The Lake Erie, Ohio and South Atlantic and the Southeastern Ohio Black Diamond Belt and Terminals. Personally I am gratified at the decision of the Railroad Committee because of the heavy grade to get out south of Maysville. The maximum grade of the Black Diamond in all its surveys is only sixty-six feet to the mile and to have got such a grade out of Maysville would have involved an expense of fully five hundred thousand dollars and above the cost of the cheapest crossing of the Ohio River and outlet—change of name of the Kentucky line to the west must of course be made and shall call it the Ohio River, Frankfort and Western, as we shall touch your Capitol with this line of the Black Diamond.
 On Wednesday, May 26, I shall inspect the site, a toun at Augusta and Dover, Ky., for the crossing of the Black Diamond bridge over the Ohio River and then go to Ripley to hold a railroad meeting in the interest of the Columbus, Ohio River and Tidewater Railway and that of the Southeastern Ohio Black Diamond Belt and Terminals, the Lake Erie, Ohio and South Atlantic stopping at Aberdeen, O. As outlined below which reproduce again for your information and guidance:
 The Lake Erie, Ohio and South Atlantic Railway.—Organized to build a line of standard gauge railway from Fairport Harbor, Ohio, (on Lake Erie) via Painesville, Chagrin Falls, Ravenna, Canton, Carrollton, Freeport, Londonderry, Antrim, Winchester (Winteret P. O.), Washington, Love City (Campbell's Station on B. and O. R. R.), Cumberland, McConnellsville, Bishopville, Glouster, Nelsonville, New Plymouth, Vigo, Richmondale, Waverly, Sinking Spring, West Union, Bentonville and Bradyville, to Aberdeen, Ohio, opposite Maysville, Ky.
 The Southeastern Ohio Black Diamond Belt and Terminals Railway will pass through Aberdeen, Ohio, organized to build a line of standard gauge railroad from Ripley or Levanua, O., via north and west bank of the Ohio River to Newport, on the Ohio River. This line of road will pass through Aberdeen, Manchester, Stont, Buena Vista, Pomeroy, Portsmouth, Scototville, Lyra, Cadmus, Gallipolis, Addison, Chesbire, Middleport, Pomeroy, Little Hocking, Belpre, Marietta, Lower Newport, to Newport Ohio.
 Very truly, &c.,
 ALBERT E. BOONE.
 A man's health is the rope by which he climbs to success. If he can keep his health, he will go on to success. Yet his health is the very thing he neglects more than anything else. It is easier to keep health than it is to regain it. When a man feels himself running down, when he realizes a loss of vitality and energy, he must call a halt. The strands of his rope are parting rapidly. Dr. Pierce's Golden Medical Discovery has helped thousands of men in just this condition. It makes health, it makes pure, rich blood, it forces out impurities and kills germs. It doesn't make any difference what name you call your trouble by—dyspepsia—kidney disease—rheumatism—consumption—skin disease, the "Golden Medical Discovery" will cure it absolutely. None of these diseases can retain hold on the body when it is full of rich, pure blood.

RAIDERS RAIDED.

The Lawless Toll-House Destroyers Have Met Their Match at Last.

Work of the Band in Bath County—Three Gates Destroyed in This County and a Circuit Made of Robertson.

Toll-gate raiders Saturday night destroyed two gates on the Owingsville and Wyoming turnpike in Bath County, kept by Chas. Carmichael, seven miles from Owingsville.

They then came on to within one mile of Owingsville to a gate on the same pike kept by Chris. Garner. The leader stepped to the door and called Garner out and asked him if he had a sharp ax. In the meantime Sheriff Lane and eleven deputies were stationed outside of the house and on the alert. The Sheriff commanded the speaker to surrender, and the raiders immediately opened fire on the Sheriff and deputies. There was a fusillade of shots exchanged and the leader of the mob fell from his horse with a bullet through his right leg, and the rest of the party fled. Some time after the firing ceased the Sheriff and deputies, some distance away, heard a cry for help, and on going up to where the cry came from found Dave Johnson, a farmer of the northeast part of the county, badly wounded in the thigh and groin. They secured a buggy and brought the wounded raider to town and he was placed in jail and a doctor hastily called, who dressed his wounds. The doctor pronounced them of a serious nature.

Parties brought news here this morning of the wounding of three others who are supposed to have been in the mob. They are Charles Jones, Dave Doggett and a young horseman, who received a gun-shot wound in the leg, face and arm, respectively. The extent of the injuries is not known.

Jones was brought to town by the Sheriff and his bond was fixed at \$2,500 which he promptly gave and returned home. The Garner house was completely riddled with shot and bullets.

The raiders were out in this county Saturday night and cut down three gates on the Sardis and Mt. Olivet pike. They also destroyed two in the Blue Licks neighborhood, and from reports received this morning made a complete circuit of Robertson County. The Robertson County raiders number about thirty-five, and were insolent and determined in their manner. In one instance near Blue Licks where they met with some resistance from the gatekeeper, they threatened to take him out, tie him up and give him a thrashing. At another gate after cutting it down they throw a rope to the gatekeeper advising him to present it to the President of the road, saying it would make an excellent halter. He further requested him to advise the officers not to replace the gate or attempt to collect toll, if they did not want to suffer for so doing.

The depredations of these lawless raiders should be stopped, and the authorities should exert every effort to bring them to justice.

While Mrs. Barkley is not suffering much at present, it cannot be said there is any improvement in her condition.

Condensed Testimony.

Chas. B. Hood, Broker and Manufacturer's agent, Columbus, Ohio, certifies Dr. Klug's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind. testifies that he was cured of a cough of two years standing, caused by la grippe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it always cures. Mrs. Hemming, 222 E. 25th St., Chicago, always keeps it at hand and has no fear of croup, because it instantly relieves. Free trial bottles at J. James Wood's drug store.

Mr. WILLIAM T. HANCOCK and Miss Harriett A. Alley, of this city, were united in marriage Sunday at the residence of Mr. Joseph Trisler, of the Fifth ward. Rev. Sims officiated.

Driven to Tardy Confession.
 Manchester, N. H., Union: "In the last Congress, when the Republicans were shouting themselves black in the face because of a deficit in revenue, a duty upon tea and coffee that was only a fraction of what is now advocated upon tea and an increased tax upon beer was proposed, but refused by the Republicans in control, because antagonistic to Republican policy and belief. That was before the party leaders were ready to admit that the protective theory had been outgrown and become a failure, to which they have now been driven."

JACOB MARSH.

Death Claims a Well Known Farmer and Esteemed Citizen—The End Came Saturday Afternoon at 3 O'clock.

Mr. Jacob Marsh departed this life about 3 o'clock last Saturday afternoon at his home near Maysville, where he had resided continuously since 1856. Here he spent the main portion of his earthly career and reared his children, and here he died beloved by his family and respected by his neighbors.

One week prior to his death the community was startled by the announcement that Jacob Marsh had been suddenly stricken down by apoplexy. His advanced age, seventy-seven, rendered his recovery almost hopeless from the first. He rallied somewhat from the stroke, but on Tuesday following, he began to sink and steadily declined to the end on Saturday afternoon. His death, like his life, was calm and peaceful. He passed away as in a gentle sleep.

Jacob Marsh was a son of Abraham Marsh and was born near West Union, Ohio. His parents were Pennsylvanians, coming from Westmoreland County. Shortly after his marriage he moved to Mason County and resided near the mouth of Lawrence Creek. Some years later he bought the farm on which the rest of his life was spent. Nearly fifty-five years ago he married Abi Neal, and never was a union more blessed and happy. The faithful wife survives him, together with two daughters and seven sons. The daughters are Mrs. Phillip Cooper, of Brown County, and Mrs. Noble H. Richardson, of Charleston Bottom. Four of the sons are substantial Mason County farmers residing near Maysville. One son—M. F. Marsh—has been editor of the BULLETIN since 1885. Another son—N. B. Marsh—is a salesman for the Mabley & Carew Co., of Cincinnati, and one son—Dr. Henry M. Marsh—has recently, on account of his health, located at Colorado Springs in the State of Colorado.

The funeral was at the old homestead at 10 o'clock this morning with services conducted by Rev. J. S. Sims, of the M. E. Church, South. The remains were interred in the Charleston Bottom Cemetery.

Thus passes away a good man who will be sincerely mourned by his family and missed by his neighbors.

For the Summer Girl

We have an array of cool linen fabrics her appreciative eye can't resist. There's a subtle fascination in the striping of beautifully colored silk on the sombre ground of linen. Do you think narrow stripes of silk on a filmy linen ground would make a fetching waist or suit? At 55c. a yard we have linen Etamine striped in blue and pink silk, in lavender and cream, in yellow and mauve.

Perhaps You'd Prefer

a white lady stripe whose openness will bring out faultlessly a colored lining; four kinds of lace stripe, wide or narrow, at 25c. Six different styles of solid white striped linen, 12 $\frac{1}{2}$ to 25c. a yard. A red or blue stripe on fine linen ground, also yellow brown dot on tan at 15 cents. Plain linen, Batiste, 12 $\frac{1}{2}$, 15, 18c. A half dozen or more pieces of Home Spun, 15, 18, 20c.

In Plaids.

A corded Etamine ground barred with narrow stripes of red, yellow and blue silk, 75c. a yard. A Shepherd's check formed by narrow white lines on a deep tan ground, 12 $\frac{1}{2}$ c. Also the same check, barred with silk stripes of green and pink, 35c. If you have a linen longing, look to us for your desire.

LEONARD and SIDNEY JOHNSON, aged respectively seventeen and fifteen, were jailed at Augusta Thursday morning for attempting to commit an assault on Polly Isaboch, a little nine-year-old girl. The cries of the child brought help. They had their examining trial Thursday afternoon, and, in default of bail, were remanded to jail.

Last winter a man was found dead in a corn shock near Lexington, having been frozen to death. He was declared to be Warren Cooper, an expert machinist of that place and buried as such. Saturday Mr. Cooper put in his appearance, a very lively corpse, and says he is good for a hundred years yet. He regards the report as a splendid joke on the boys.

The Mountain Boomer has the following concerning Rev. W. H. Childers, a former pastor of the Sixth ward: "Rev. W. H. Childers is again among us with usual rhetorical fire and eloquence. The devil quails and skulks when this able divine pours out his wrath upon him. With enough such guns as Childers turned on the walls and castles of sin, the devil would be routed and his kingdom turned over to Christ."

THAT was, indeed, a deplorable accident that occurred at Lexington Saturday in which Health Officer John L. Sullivan lost his life. It seems that he, in company with Police Officer William Jenkins and others were sitting on the outside of the station house conversing, when Jenkins was called by some one on the inside of the building. He arose to obey the summons, and as he did so a .42-calibre Colt's revolver fell from his pocket, and as it struck the hard concrete pavement was discharged, the ball striking Sullivan, killing him instantly. The dead officer was very popular, and the sad affair has cast a gloom over the community.

ALL the roads in Anderson County are now free, with the exception of about eight miles. All but four pikes were surrendered to the county gratis. Those purchased cost \$13,395.

Overscers have been appointed for each road and their compensation has been fixed at \$2 per mile a year. The pikes will be paid for in five years, the notes to be interest bearing. The levy for the county has been fixed at the limit (50 cents on the \$100) and this will make about \$3,500 available for use on the pikes, independent of the installment payments for the road purchased. Those pikes which go into other counties will have \$35 per mile expended on them and the branch roads \$15 per millo.

OUR DEAD HEROES.

Beautiful Memorial Sermon Delivered at the Court House Sunday Afternoon.

Rev. Father Ennis Talks to a Large Crowd of Interested Listeners, the Rain Preventing a Meeting at Dieterich's Grove.

"The good, the brave, the beautiful,
How dreamless is their sleep,
Where rolls the dirge like music
Of the ever tossing deep!
Or where the surging night winds
Pale winter's robes have spread
Above the narrow palaces
In the city of the dead."

The annual memorial sermon to commemorate the dead heroes who fell upon the field of interminate strife was preached yesterday afternoon at 3 o'clock, the Rev. Father A. T. Ennis, of St. Patrick's Church, delivered the eulogy. The washing, pouring rain which began falling shortly after dinner caused a hurried change from Dieterich's beautiful grove to the court house, had the weather continued as beautiful as the Sabbath dawned the crowd would have been as large as any gathered in our city for a long time, as it was and notwithstanding the terrific rain which fell, the court house was filled with an audience composed of citizens and members of the local camp, G. A. R. The chairman of the service was Major John Walsh, who announced the program. The services were opened with the Doxology, the audience reverently standing, after which the blessing of God was invoked by Rev. Mr. Harrop, of the M. E. Church. Stirring, patriotic and worshipful "America" was sung by the audience, after which the Rev. Father delivered his eulogy of the dead and his sermon to the living—a masterly, scholarly, eloquent paulyric, abounding in flights of oratory, full of the flowers of rhetoric and a sublime and beautiful eulogy of valiant heroes, who sleep in their narrow cells in nooks and corners of this beloved land, where not only comrades go to commune but a grateful people who revere their memory and sing peans of praise for their courage, valor and superhuman faith in a cause upon which God had set His divine approval and in which they engaged with the true spirit of love for liberty, for human rights and for freedom. At the conclusion of the sermon, which was short, indeed, and which held the audience enraptured and charmed, with no thought of time's flight, as the fire of the occasion burned into the speaker's nature, zeal, intelligence and inspiration kindled burst forth from every lineament of his face, and threw his form into attitudes appropriate, emphatic and intensifying. A song and a heartfelt prayer calling down God's benediction closed the memorial services of 1897, and we doubt not shall remain in more hearts longer and in years to come bearing more fruits to delight the heart, give joy to the soul and refresh the mind, than any occasion of a similar nature ever held in our city.

Mr. Alfred Kline Receives a Very Serious Injury From a Frightened Horse Yesterday Afternoon.

While Messrs. Will Lingenfelter, Will and Nicholas Gill were driving to town on West Fourth street yesterday afternoon at 1:30 o'clock in a break cart, the horse became frightened at an umbrella which Mr. Lingenfelter attempted to raise, and dashed down the street at a speed that would be a credit to a racer, tearing off a wheel and upsetting the occupants in the dust, which at that point is sufficiently deep to well cover one.

The animal turned into Mr. Carr's livery stable and collided with Alfred Kline an employe. Mr. Kline's ankle was broken, but the occupants of the vehicle were fortunate enough to escape with a few slight bruises and a genuine scare.

A MOSQUITO BITE

Caused Death, and the Insurance Companies Must Pay. Says the Court of Appeals.

FRANKFORT, Ky., May 21.—The Court of Appeals today decided in effect that where a man dies from poison transmitted to his blood by the bite of an insect it is an "accident" in the meaning of the law, and that in such a case an accident insurance policy must be paid.

The case came up from Louisville, the suit having been brought by Mrs. Sallie Omberg to recover \$7,000 from an accident insurance company for the death of her husband, who was bitten on the toe by a mosquito. The mosquito must have had poison in its bill, as the toe and foot swelled up, and in a short time Mr. Omberg died.

The lower court decided that Mrs. Omberg could not recover on the accident policy, but the higher court says she can.

MORGAN AGAINST HIGGINS.

Opinion of the Appellate Court Reversing the Decision of the Mason Circuit Court.

The Court of Appeals in reversing the above case says:

1. In an action by plaintiff to recover possession of a certain tract of land, claiming ownership by verbal purchase, uninterrupted continuous and adverse possession for more than fifteen years, and it appears that plaintiff was in actual possession of the land at the time it was sold to the defendant, held that plaintiff is not entitled to an instruction telling the jury that if plaintiff was in actual possession at time the land was sold and conveyed to defendant that such conveyance was champertous, passed no title and defendant was merely a trespasser when he forcibly entered under such sale and conveyance.

2. If plaintiff had been defendant in an action of ejectment he would have been entitled to have availed himself of such instruction, but, being plaintiff, he must rely upon the strength of his own title to maintain his contention.

3. A verbal sale of land is void and confers no equitable interest whatever upon either party.

4. Where the question of possession is the issue in an action to recover land it is reversible error for the court to tell the jury that plaintiff or defendant under certain circumstances is presumed to be in possession of the land whether he went upon it or not. This question of possession is for the jury to determine from the facts before them and without any instructions upon the subject of presumption.

5. It is error for the court to single out certain facts testified to and by instructions call the jury's special attention thereto.

CINCINNATI TOBACCO MARKET.

Sales Somewhat Larger Last Week and Prices a Fraction Higher—The Outlook.

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

Sales were somewhat larger than previous week and prices at least as high, and if anything they may be quoted a fraction higher. The buying was quick, showing a strong demand for all offerings, and shippers were generally satisfied to accept the bids, which is shown by the small proportions of rejections. The character of the offerings remain about the same. No redried or keeping order goods are as yet in market, and that part of the 1896 crop which was packed in winter order is nearly all disposed of, with the exception of some low grades. These latter, then, together with the old stock, are composing our present sales, and make rather low average, because there appears to be no good tobacco at all in the old which is still being carried.

There seems to be no doubt now that the 1896 crop will fall short of the original estimates, but these estimates would have made the crop an excessively large one, and so it may reduce itself to about an average. In quality there is probably a good proportion of leaf, but with a general lack of body. This ought to make a strong market for filler goods, and, in fact, red tobaccos are now the best sellers, while color without body is not so readily taken.

The planting, like everything else this spring, is much retarded, but, of course, there is plenty of time as yet. All our traveling men who go over the different districts report that the lessened preparations for setting certainly indicate a light crop for this year. There are plenty of plants, and while in some districts they are small they are healthy and have time to grow, but there has not been as much ground prepared as last year, and if this is a fact the crop will, of course, be curtailed.

DUN'S REVIEW OF TRADE.

Unmistakable Evidence of Improvement in Various Branches of Business.

New York, May 22.—R. G. Dun & Company's weekly review of trade says: Unmistakable evidence of improvement comes in the general increase of commercial loans, mostly for eastern merchants or companies, though some well known houses in the middle west appear with considerable rediscunts from the south.

Not for a long time have commercial loans been fully half the whole. The distinct change gives proof that new business has been larger than many have supposed. Receipts of money from the interior exceed shipments \$1,500,000, mostly from the middle west. Exports of gold have no influence, and only signify willingness of Russia to pay a price for the gold needed.

The excess of merchandise imports to answer demands for half a year to come involves a greater excess of exports when the anticipatory movement ends and crops begin to move, which fact renders large outgoes of gold looks likely and gives the country a stronger position in international markets. Meanwhile, there is a continuing increase, distinct though gradual, in the volume of business in demand for products of manufacture and considering the time of year, in movement of grain and produce.

Western wheat receipts exceed last year's for the week 2,384,189 bushels, against 1,738,968, and Atlantic exports were 1,670,813 bushels, flour included, against 1,302,491 last year, and for three weeks 4,778,722, against 3,335,910 last year. Western receipts of corn were 1,655,677 bushels, against 1,495,670, and Atlantic exports 2,153,825, against 1,608,748 last year, notwithstanding the former's increase hitherto. Wheat again cheated hopeful buyers and fell nearly four cents, closing 3 1-2 cents lower for the week. Corn was a shade weaker. Cotton once more hopelessly advanced to 7 7-8 cents but fell back to 7 3-4 with poor support here or abroad. Both the volume of stocks and the condition of domestic and foreign markets for goods hinder advance, and later acreage reports are better.

The iron industry has quite an increase in new business, though not in all branches. Part was due to the rupture of the steel beam pool and the fall in price from \$1.55 to \$1.25 nominally quoted and some good structural contracts were at once secured. Part is due to a better demand for plates and for pipe, of which one large contract for Indiana fields was placed, and parts to growing needs for cars and vessels. There is also some increase in rods, though the season for wire and nails is nearing an end, because of an expected pool of rod mills. Low southern freight rates marketed a little more iron at the north, and eastern foundry is slightly lower, with grey forge only \$3.25 at Pittsburgh. The Carnegie works are now turning out 3,000 tons of rails daily, nearly all old orders, and exports of finished products increase. Sales of copper, said to be nearly 60,000,000 pounds, have stiffened the price to 11 1-8 for lake, and tin rose to 13 1-2 cents, in spite of large arrivals, though lead was weaker at 3.25 cents at tin plates at 3.30. Coke is also a shade lower.

Sales of wool increase, though still greater than when all the mills were busy, but manufacturers are doing scarcely anything, most of their possible demand for months ahead having been supplied. Western holders begin to offer at 1 to 1 1-2 cents lower than of late. Woolen goods are dull, but prices are firm. The strike of clothing hands here somewhat restricts the new demand.

Cotton goods are without change in prices, print cloths still at the lowest on record, and the demand is still indifferent, with talk of temporary closing of mills at the south.

Failures for the past week have been 243 in the United States against 227 last year, and 37 in Canada, against 28 last year.

SHOT HIS MOTHER.

A Family Quarrel Over a Logchain Leads to a Cold-Blooded Murder.

POMEROY, O., May 24.—In Bedford township, seven miles from this city, Mrs. Dina Wandling, a widow, aged 79 years, went to the door of the house of her son, Silas R. Wandling, aged 46 years, and demanded a piece of logchain, which she claimed belonged to her. The son lived on his mother's farm and there had been trouble between them.

Wandling was sitting by a stove when his mother pushed the front door open and demanded the logchain. He calmly arose, took a single-barreled shotgun from a rack and shot her in the left breast and arm. He calmly placed the gun back and resumed warming his feet. Mrs. Wandling is dying. The murderer is in jail. He has nine children.

FIRE IN LOUISVILLE.

The Old Power House of the City Railway Company Completely Destroyed.

LOUISVILLE, May 24.—The old power house of the City Railway company, at Seventeenth and Walnut which, of late, has been used for storing the company's machinery, was burned with its contents yesterday morning.

Half a dozen firemen were caught under a falling wall while fighting the fire and two of them, Captain Frank Raggio and Jack Jacob were seriously hurt. The former had both legs broken and the latter is internally injured. Captain R. L. Latimer, Ed Hughes, Tim Lehman and John Barry were more or less seriously burned.

The loss is \$120,000, partially insured.
